

Department of Defense

217.7401

(2) 252.217-7021, Deficiency Adjustment.

(3) 252.217-7025, Containers and Equipment.

Subpart 217.73—Identification of Sources of Supply

217.7300 Scope.

This subpart implements 10 U.S.C. 2384. It contains policy and procedures for requiring contractors to identify the actual manufacturer of supplies furnished to DoD.

217.7301 Policy.

Contractors shall identify their sources of supply in contracts for supplies. Contractor identification of sources of supply enables solicitation, in subsequent acquisitions, of actual manufacturers or other suppliers of items. This enhances competition and potentially avoids payment of additional costs for no significant added value.

217.7302 Procedures.

(a) Whenever practicable, include a requirement for contractor identification of sources of supply in all contracts for the delivery of supplies. The identification shall include—

(1) The item's actual manufacturer or producer, or all the contractor's sources for the item;

(2) The item's national stock number (if there is one);

(3) The item identification number used by—

(i) The actual manufacturer or producer of the item; or

(ii) Each of the contractor's sources for the item; and

(4) The source of any technical data delivered under the contract.

(b) The requirement in paragraph (a) of this section does not apply to contracts that are—

(1) For commercial items; or

(2) Valued at or below the simplified acquisition threshold.

[56 FR 36345, July 31, 1991, as amended at 64 FR 2597, Jan. 15, 1999]

217.7303 Solicitation provision.

(a) Use the provision at 252.217-7026, Identification of Sources of Supply, or

one substantially the same, in all solicitations for supplies when the acquisition is being conducted under other than full and open competition, except when—

(1) Using FAR 6.302-5;

(2) The contracting officer already has the information required by the provision (e.g., the information was obtained under other acquisitions);

(3) The contract is for subsistence, clothing or textiles, fuels, or supplies purchased and used outside the United States;

(4) The contracting officer determines that it would not be practicable to require offerors/contractors to provide the information, e.g., nonrepetitive local purchases; or

(5) The contracting officer determines that the exception at 217.7302(b) applies to all items under the solicitation.

(b) If appropriate, use the provision at 252.217-7026, Identification of Sources of Supply, or one substantially the same, in service contracts requiring the delivery of supplies.

Subpart 217.74—Un definitized Contract Actions

217.7400 Scope.

This subpart prescribes policies and procedures implementing 10 U.S.C. 2326.

217.7401 Definitions.

As used in this subpart—

(a) *Contract action* means an action which results in a contract.

(1) It includes contract modifications for additional supplies or services.

(2) It does not include change orders, administrative changes, funding modifications, or any other contract modifications that are within the scope and under the terms of the contract, e.g., engineering change proposals, value engineering change proposals, and over and above work requests as described in subpart 217.77.

(b) *Definitization* means the agreement on, or determination of, contract terms, specifications, and price, which converts the undefinitized contract action to a definitive contract.

(c) *Qualifying proposal* means a proposal containing sufficient information

217.7402

for the DoD to do complete and meaningful analyses and audits of the—

- (1) Information in the proposal; and
- (2) Any other information that the contracting officer has determined DoD needs to review in connection with the contract.

(d) *Undefinitized contract action* means any contract action for which the contract terms, specifications, or price are not agreed upon before performance is begun under the action. Examples are letter contracts, orders under basic ordering agreements, and provisioned item orders, for which the price has not been agreed upon before performance has begun.

217.7402 Exceptions.

The following undefinitized contract actions (UCAs) are not subject to this subpart, but the contracting officer should apply the policy to them (and to changes under the Changes clause) to the maximum extent practicable—

- (a) UCAs for foreign military sales;
- (b) Purchases at or below the simplified acquisition threshold;
- (c) Special access programs;
- (d) Congressionally mandated long-lead procurement contracts.

[56 FR 36345, July 31, 1991, as amended at 61 FR 7743, Feb. 29, 1996]

217.7403 Policy.

DoD policy is that undefinitized contract actions shall—

- (a) Be used only when—
 - (1) The negotiation of a definitive contract action is not possible in sufficient time to meet the Government's requirements; and
 - (2) The Government's interest demands that the contractor be given a binding commitment so that contract performance can begin immediately.
- (b) Be as complete and definite as practicable under the particular circumstances.

217.7404 Limitations.

217.7404-1 Authorization.

The contracting officer shall obtain approval from the head of the contracting activity before—

- (a) Entering into a UCA. The request for approval must fully explain the need to begin performance before

48 CFR Ch. 2 (10-1-05 Edition)

definitization, including the adverse impact on agency requirements resulting from delays in beginning performance.

- (b) Including requirements for non-urgent spare parts and support equipment in a UCA. The request should show that inclusion of the non-urgent items is consistent with good business practices and in the best interest of the United States.

(c) Modifying the scope of a UCA when performance has already begun. The request should show that the modification is consistent with good business practices and in the best interests of the United States.

217.7404-2 Price ceiling.

UCAs shall include a not-to-exceed price.

217.7404-3 Definitization schedule.

(a) UCAs shall contain definitization schedules that provide for definitization by the earlier of—

- (1) The date that is 180 days after issuance of the action (this date may be extended but may not exceed the date that is 180 days after the contractor submits a qualifying proposal); or

(2) The date on which the amount of funds obligated under the contract action is equal to more than 50 percent of the not-to-exceed price.

- (b) Submission of a qualifying proposal in accordance with the definitization schedule is a material element of the contract. If the contractor does not submit a timely qualifying proposal, the contracting officer may suspend or reduce progress payments under FAR 32.503-6, or take other appropriate action.

[56 FR 36345, July 31, 1991, as amended at 60 FR 29498, June 5, 1995; 63 FR 67803, Dec. 9, 1998]

217.7404-4 Limitations on obligations.

The Government shall not obligate more than 50 percent of the not-to-exceed price before definitization. However, if a contractor submits a qualifying proposal before 50 percent of the not-to-exceed price has been obligated by the Government, then the limitation on obligations before definitization may be increased to no
